Site-Governed Schools

Minnesota Statute 123B.045 on Site-Governed Schools presents an opportunity to create innovative school environments for the purpose of ensuring greater student success. During the spring of 2012, the Parties agree to re-convene the Site-Governed Schools committee in order to review progress, discuss how to support applicants in completing the application process and agree upon methods for the distribution of information about the application process. The committee will provide a report and recommendations about these issues to the Superintendent and the SPFE Executive Board no later than May 1, 2013.
