Educational Assistant and School and Community Service Professionals

All educational assistants and school and community service professionals are assessed .0125 of their annual gross salary for dues regardless of membership category.

The 2023-2024 formula that will be used to calculate your dues for each pay period is:

Your gross income multiplied by .0125.

Your union membership is continuous as long as you remain actively employed. Your authorization for your employer to deduct your dues from your wages remains in effect and is automatically renewed from year to year unless you revoke it by submitting written notice to both SPPS and SPFE between September 1 and September 30. Such revocation will take effect on October 1 in the year it is submitted. If you have questions about dropping your union membership you can email membership@spfe28.org.
